The Nemesis: Rai Cinema is entering the Metaverse

The Nemesis also brings Rai Cinema into the Metaverse. The new partnership will be presented at the Metaverse Festival 2022 of all users will get a special NFT (Non-Fungible Token).

Many look to the metaverse as another iteration of the time they are spending online. However, in many cases, the metaverse is a gateway to new experiences, including sitting against the glass at a *playoff* game, experiencing a celebrity-level luxury resort or even visiting our most distant solar systems.

With virtual reality (VR) development well underway, it is only a matter of time before these experiences previously unavailable to the average person become a reality.
